

2020 Federal Research Funding

The National Science Foundation (NSF) supports research in science, mathematics, and engineering; integration of knowledge across these fields; and development of the nation's STEM workforce. In this way, NSF promotes the nation's health, economy, security, and global leadership.

SCIENTIFIC RESEARCH IN WISCONSIN

68

NSF Graduate Research Fellowship Program awards offered in FY 2019-20 to students who completed their bachelors in Wisconsin

814

Science and engineering doctoral degrees awarded in Wisconsin in 2019 (Survey of Earned Doctorates, NCSES)

\$5.41M

Awarded to 12 Wisconsin businesses in FY 2018-19 through the NSF "America's Seed Fund" program for R&D of technologies with potential commercial application

\$7.02B

Total science and engineering R&D expenditures in Wisconsin across all sectors—industry, biotech, academia, and government—in 2017 (National Patterns of R&D Resources, NCSES)
