*2019 USDA NIFA funding data was unavailable as of January 31, 2020. USDA data is for FY 2018.

---

**NIH (National Institutes of Health)**

NIH is the nation’s primary funder of biomedical research, leading to advances in scientific knowledge, better health, and economic growth.

**NSF (National Science Foundation)**

NSF is the only federal agency that supports research and education across all scientific disciplines, underwriting scientific training and promoting discovery.

**USDA (U.S. Department of Agriculture)**

The USDA National Institute of Food and Agriculture funds competitive grants for nutritional and agricultural research, bringing cutting-edge science to complex challenges.

**DOE (U.S. Department of Energy)**

The DOE Office of Science is the nation’s largest funder of basic physical sciences research and manages 10 national laboratories that provide scientists with cutting-edge facilities.
